## SUSANNAH BRIDGES

Susannah Bridges (B.Des) is an Auckland based artist/designer. She is well known for her work with Ceramics and Lighting. Her work has been acquired by the Auckland Museum, The Dowse Art Museum and MTG Hawkes Bay. Susannah's work is widely recognized within New Zealand and has also been exhibited offshore. She has received both national and international awards.

As well as producing ceramic works for domestic use, Susannah also creates sculptural pieces, furniture and lighting, and has been commissioned to produce or design public works.

Susannah is currently developing and refining her range of ceramic work, alongside developing new lighting and sculptural ideas. "I have recently moved into a fabulous new studio space and it's a fantastic feeling to be designing and making again after a period of time where I was unable to do that". Susannah has worked for local Government as an Arts Project manager, and she has tutored at Unitec Institute of Technology in the Design School.
